

## NATIONAL CONTACT LENS AND EYEGLASS EXAMINATION

June 2024 Report to the Board of Directors

---

Successful completion of National Contact Lens and Eyeglass Examinations is a non-exemptible requirement for a certificate of registration as a Registered Optician in Ontario. Typically, two English and one bilingual national examination sessions are administered in Ontario each year. All eligible examination candidates can also complete the examinations anywhere in Canada.

Effective January 2024, the College of Opticians of Ontario (COO) divested the administrative functions related to the administration of national examinations to the National Alliance of Optician Regulators (NACOR). Moving forward, the information concerning the national examinations will be reported to the Board of Directors yearly at the first meeting of the year.
